TIGER ROAR

Back Row: Mr. Porter, Monica Green, Cherie Seward, Tammy Avery, Mitzie Seward, Dana Stringer, Tracey Dean, Nichole Whalen, Miss Cummings.  
Front Row: Susette Avery, Crystal Stringer, Barbie Marsh, Kandi Marsh, Melanie Curtis, Jennifer Whalen, Elaine Peddle.

It was a great pleasure that we, the yearbook staff, made it possible for another edition of the Tiger Roar. As the editor of the Tiger Roar I would like to take the opportunity to thank everyone who participated in putting together the Tiger Roar. Without their help there would not be a yearbook.

Being editor of the yearbook is a big job in itself but it is both enjoyable and fulfilling. It is also a job that I would never turn down. I hope you have as much enjoyment reading this yearbook as we had putting it together.

I would like to congratulate the graduates and hope their dreams come true in the future.

To further yearbook editors, just remember, "when it seems that mountains are in the way, stick to it and soon those mountains will become mohills. I would also like to thank the teacher-supervisors.

Wade Martin taught at our school from September 1979 until June of 1987. During that time his dedication and integrity were obvious to both students and staff.

After spending eight years with us Mr. Martin moved to Balbo Elementary where he taught for over two years. Even though he had moved from this area he kept in touch with students and staff here at the school.

It was this concern for his students and the colleagues he had worked with that made him a very special teacher.

It is for this reason that he will forever be remembered.

## SUPERINTENDENT'S MESSAGE

Thank you for the opportunity of contributing to your yearbook. Projects of this nature require a tremendous amount of effort on the part of all involved but the finished product will be a source of joy in future years as, by examining its pages, you recount your school years.

I would like to take this opportunity to offer my sincere congratulations to the graduates of 1991. You have reached a significant milestone in your educational development. However, high school graduation can only be regarded as a starting point for a lifetime of learning. The world has left behind the Industrial Age. We are now entering the Information Age, where technology will be the dominate force. Ensure that you take advantage of every opportunity to educate yourself for this new age.

Good luck to all.

Sincerely,

A handwritten signature in cursive script, reading "W. Carter". The signature is written in dark ink and is positioned above a horizontal line.

District Superintendent

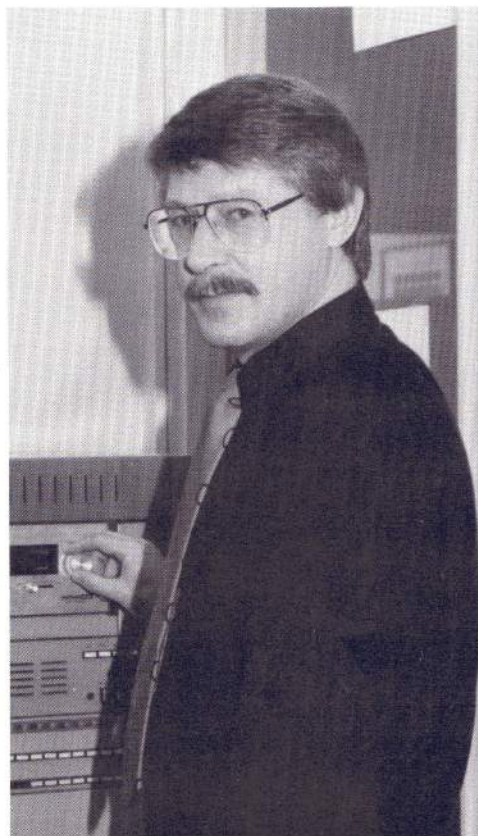

### PRINCIPAL'S MESSAGE

Preparing a yearbook is an interesting and rewarding activity. I'm sure that the students involved in this edition of the Tiger Roar book gained valuable experience from their efforts. Congratulations on a job well done.

In the years ahead this yearbook will assume increasing value - particularly for the graduating class. I am confident that your years at school have prepared you to accept the challenges of life as adults.

*Bill Russell*

### VICE PRINCIPAL'S MESSAGE

Thank you for inviting me to write a message for your yearbook.

You are to be congratulated on having completed such an excellent project. The many hours of work which you have devoted to this task could otherwise have been used as leisure time. I commend you for your commitment and dedication.

The year drawing to a close has been a special one for me. Like those of you who are graduates, I leave to begin a new stage in my life. My years among all of you have been very happy and very rewarding.

To all I have had the pleasure and good fortune of working with I extend my sincere appreciation and best wishes for the future.

*Florence Green*

### WHAT IS GRADUATION?

Graduation is a milestone in life.  
It is an ending and a beginning. It is a stepping-stone  
from the past with its hours of study and its  
marvelous moments of fun to a new and somewhat different life  
filled with great challenges and responsibilities.

Graduation is a sad and glad time of life  
when we must say "farewell" to fellow students and faculty  
and look ahead to new friends and acquaintances  
in our chosen profession.

It is a time of laughter and tears,  
praise and witticism, orations and reflections.

It is a day to be serious and lighthearted,  
enthusiastic and apprehensive.

It is leaving behind the old well-traveled ways  
and setting out on new, unexplored roads,  
knowing that we are equipped,  
through years of diligent study, work and application,  
with the tools necessary to make our way.

Graduation is a proud and wonderful time of life,  
a happy and unforgettable event,  
sprinkled with moments of deep contentment,  
satisfaction and high hopes for the future.

Yes, Graduation is an end - and a beginning.

# GRADUATION ACTIVITIES

## VALEDICTORIAN

Good evening ladies and gentlemen. I would like to welcome you to our graduation from high school and our new beginning. The end of another school year has come again except this time we will not be returning to these familiar surroundings. We will be parting and traveling separate roads.

The class has matured over the years, or so we hope. We have grown over the years from being tied to chairs by irate teachers, to throwing our principal into the snow in honour of his birthday.

Some of my fellow students have made great steps towards achieving their life's goals. Both academic and athletic achievements have been made and we are proud of them for their hard work and perservance.

There have been many major events, which are now history, while we have been in school. We have lived through the rule of three prime ministers of Canada and two wars. We have seen the fall of the Berlin Wall and the spread of freedom. This gives a picture of the world we are about to step into, and the things we must bear on our shoulders.

In order to deal with the world we have been entrusted to the care and guidance of the school system, the backbone of which is our teachers. I would like to applaud the efforts of our teachers with regard to the task which they have undertaken. They have to make respectable citizens out of young children who may have different ideas.

All of our teachers have made an impression on us but in our final year some stand out because of our close contact with them everyday.

Mr. Baker seems to teach with the book only as a guide and his life experiences as the basis for his methods. With this unique teaching style you can be inspired to think about problems and work things out. For your help over the years I would like to thank you on behalf of the graduating class.

Mr. Russel can also make you work hard, but he uses an endless supply of jokes or remarks to get you going during a boring or overwhelming class. For this I would like to thank you on behalf of the graduating class.

The true unsung heroes are our parents who have put up with us for the last eighteen years, enduring trials which I will never truly understand until I settle down myself. For all of your efforts over the years we thank you.

In closing I would like to thank those who have supported our graduation and made it possible.

I would like to thank the teachers for helping us organize this affair and the P.T.A., Lions club, Firemans association, various businesses in the area, church organizations, and our parents for supporting us. To the members of the clergy tonight I thank you for taking time out of your busy schedule to attend. I appreciate your time and attention here tonight. Thank you all, and good night.
