LITTLE HEARTS EASE

INTEGRATED SCHOOL

#### DEDICATION

With honor and respect, we the classes of '88 dedicate this yearbook to our former vice-principal Mr. Lester Vey.

Mr. Vey taught at our school during the period of 1968 to 1984. His devotion to both his work and the students was unsurpassable. He is remembered with appreciation and affection.

Lester Vey, we the classes of '88 sincerely thank you for your past efforts; and we wish you all things promising in your future.

FROM THE OFFICE OF THE SUPERINTENDENT

Thank you for your kind invitation to write a message for your yearbook.

As I write this we are in the midst of Education Week with its slogan "Today's Dreams - Tomorrow's Reality". Dreams do play a very important part in our development for without dreams education becomes limited and without education reality is much less than what it could be.

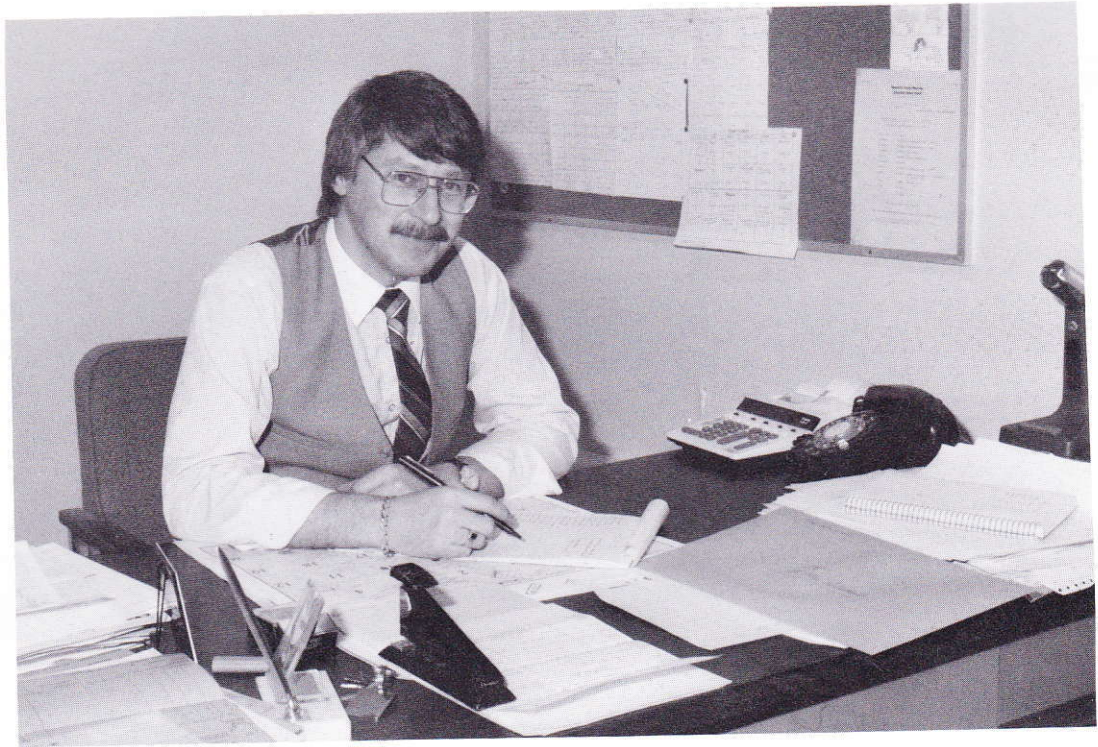

I would like to single out the graduates because you have reached an important juncture in your lives. For the past thirteen years you have seen some of your temporary dreams vanish, others revised and I hope new ones formulated. May your experiences with your peers and your teachers at Little Heart's Ease School over the years equip you to face the future with confidence, self esteem and an ambition to be the best you can under any circumstances. I recall with you the words from the lyric Abba made popular a few years ago: "I cross the street, I have a dream".

On behalf of the School Board and my colleagues at Central Office I wish you well in all your undertakings.

  
Cyril M. Pinsent  
District Superintendent

## Principal's Message

Congratulations to students and staff and to all who gave so willingly of their time and talent to produce our first yearbook since 1978.

I am particularly pleased that you have chosen to dedicate your book to my good friend, and former Vice-Principal, Lester Vey.

Les contributed a great deal to our school and his influence will remain with us for many years to come. His love of teaching and his total devotion to his students endeared him to all of us. I wish him good health and happiness in the years ahead.

Good health and happiness to you all.

*Bill Russell*

## Editor's Message

It is with great pleasure and honor that I am able to serve as editor of our 1987-88 edition of "Tiger Roar."

This is the first year book that our school has had in ten years, and I hope that it continues in the future.

A year book enhances the school spirit and brings the school together as a whole. Without a year book a lot of our school memories are lost forever. This year book would not be possible without the dedication of the year book staff, and our two teachers advisors.

GOOD-LUCK and continued success in the future.

Editor,  
Bryan Peddle.

A large graphic of a pyramid composed of the word "SENIORS" repeated many times, set against a dark background with stars and a bright light source on the left. The pyramid is formed by the word "SENIORS" repeated many times, with the words arranged in a way that they form a triangular shape. The background is dark with small white dots representing stars. On the left side, there is a bright, glowing light source, possibly a star or a planet, with a lens flare effect. The overall composition is symmetrical and visually striking.

## THE FLOWER

Oh pretty little flower,  
As in the dust you lie,  
I could just barely see you,  
As I was passing by.  
I slowly bent to pick you,  
But a thought came to my mind,  
To do a thing like that to you,  
Would not be very kind.

## The Dinosaur Bones.

Millions of years ago, dinosaurs ruled the earth. Some dinosaurs eat meat. Tyrannosaurus Rex was a meat eater. Some people look for dinosaur bones. People sell Mammoth tuscks. There were 60 kinds of dinosaurs such as Tyrannosaurus, Brontosaurus, Triceratops, Stegosaurus, but they all died out. Who knows why? No one. Only the Dinosaur know. THE END
